## Wamsler W-BOX

Tradition meets modernity

Our W-Box brings the most solid steel lines and blends beautifully with the cast iron into a new form and fuses the traditional material with a modern, expressive design.

50 cm width that convinces. Even large logs can be easily brought into our firebox and the fire can be used to its full potential.

Stay flexible with the Vario flue connection 120 or 150 mm.

**WAMSLER, Germany**
